

Lee Imber, WW2DX

Lee became licensed at age 12 and has been loving the hobby for 36 years and counting. Lee has experienced all aspects of the hobby from HF packet radio back in the 80's, activating rare DXCC's on 2M EME and representing W2 call area in 2014 WRTC. Lee's professional career spans from XEROX Corporation to BBN/GTE Internet-working and starting tech startups throughout the years. Lee's latest entrepreneurial venture is RemoteHamRadio.com which is focused on delivering a first class radio operators experience, pushing the boundaries of IP/Radio and strong promotion of youth involvement in the hobby.
