

## Anthony Luscre, K8ZT

First licensed in 1981 as KA8NRC, Anthony has been a QRP operator from his very first QSO (no one told him Novices should not start with a 2-watt QRP rig). Changed callsign to K8ZT in June 2000 after updating to Extra Class License. One significant thing in his early Amateur Radio learning was the publications of two QRP clubs- **SPRAT** from the GQRP Club and **QRP Quarterly** from the QRP ARCI.

He is active in a variety of Amateur Radio activities, but his favorite activity is operating! Whether it is contesting, DXing or rag chewing, satellites, etc. CW Phone or Digital, the QRP contacts have added up and now top 108,000. First drawn to contesting by his love of working DX, he has consistently finished in the top ten of a variety of major contests and finished first in the US in both CQ Worldwide Phone and CW QRP categories multiple times. As a bonus, his QRP DXCC total recently topped the 328 mark, and he has completed 11-band WAS.

Recently retired, Anthony's work background includes 20 years as a Medical Technologist working in Clinical Microbiology and private computer consulting and 20 years as a Computer Technology Coordinator, Technology Director (most recently as a Technology Integration Specialist for 30 school districts). His retirement activities include volunteering as a Trainman on the Cuyahoga Valley Scenic Railroad.

Anthony lives with his wife Linda, KA8ODP, near Akron, Ohio. His station is definitely not a super contesting station. His small suburban lot is cramped with a modest array of antennas, proving that you can be competitive in contests without acres of aluminum if you choose your entry category carefully.

Anthony currently serves as ARRL Ohio Section Youth Coordinator. He enjoys sharing his Amateur Radio interests with others by maintaining a website [k8zt.com](http://k8zt.com), writing articles for a variety of publications, including **CQ Magazine** (column "Ham Radio Explorer"), DX Engineering blog "On All Bands" and developing an online course "Introduction to Contesting" for the ARRL. In addition to frequent in-person club presentations pre-COVID, during the pandemic, he has done over 325 club presentations virtually in multiple states and countries.
